

LUNAR HOP

**HOP
PAPER**

Version 1.0

Introduction

The popularity of NFTs has grown and its market have adopted easily. There is no doubt that NFTs are reshaping the digital economy as to taking blockchain in a new era of Web3, which most users will be connected through a decentralized network. One of its main challenges to join is that their system needs to be more user-friendly for an everyday user.

Lunar Hop took the challenge to make Web3 accessible to everyone around the globe. Lunar Hop has created integrated ecosystem that innovates DeFi solutions including fixed and variable staking, launchpad, NFT minting and its own marketplace that are easily accessible to not just the everyday user but also to others that are interested in joining the community.

Overview of the NFT

2023 is predicted to be year of **HOPe**. Every zodiac sign's horoscope is affected by the influence of rabbit. Some are predicted to become free of the misfortunes encountered from last year, while some are still warned to be prepared for unexpected challenges may arise. The more LUNAR HOP NFT you have, the greater the longevity, peace, and prosperity you will attract. LUNAR HOP NFT were blended into the creation as it attracts you bring luck today and in the future. This will be a perfect gift for yourself or loved ones during the upcoming Chinese New Year, birthdays or for no reason other than blessing them with a lucky bunny that definitely attracts good fortune. Fill your year with the lucky LUNAR HOP NFT to achieve enviable success.

Our Vision

The Lunar Hop's vision is to provide an ecosystem where people can purchase Lunar Hop NFT of their desire, to have a greater attraction of good fortune.

NFT

Lunar Hop is launching an NFT (non-fungible token), which are digital assets that are collectible, unique and can't be replaced. NFTs are cryptographic assets that could be photos, videos, or another digital format that are stored on a blockchain.

We will be producing Lunar Hop NFT collectibles inspired by the "**Year of the Rabbit**" or the "Year of HOPE". Each art piece will have a unique rarity that would bring you good luck and wealth. It can be collected on designated NFT platform.

NFT Marketplace

NFT Marketplace is digital platform for buying and selling NFTs. Lunar Hop's Marketplace will allow users to purchase, store, display or sell their NFTs to others for cryptocurrency or money that would definitely attracts good wealth as it gains good amount of value and earn rewards over time. It's also a user-friendly platform that lets the user take control activities in real time.

\$HOP Token

The \$HOP Token will be the primary means of conducting transactions across Lunar Hop platform. This can be used for investment purposes, to store value, or to make purchases

Tokenomics will be in Hop Paper V2.0

\$HOP Token Features

Staking

Hop Tokens can be deposited in staking pools. This will be a way to use your crypto holdings to earn additional rewards. With staking, users can put their digital assets to work and earn passive income without selling them.

Play to earn

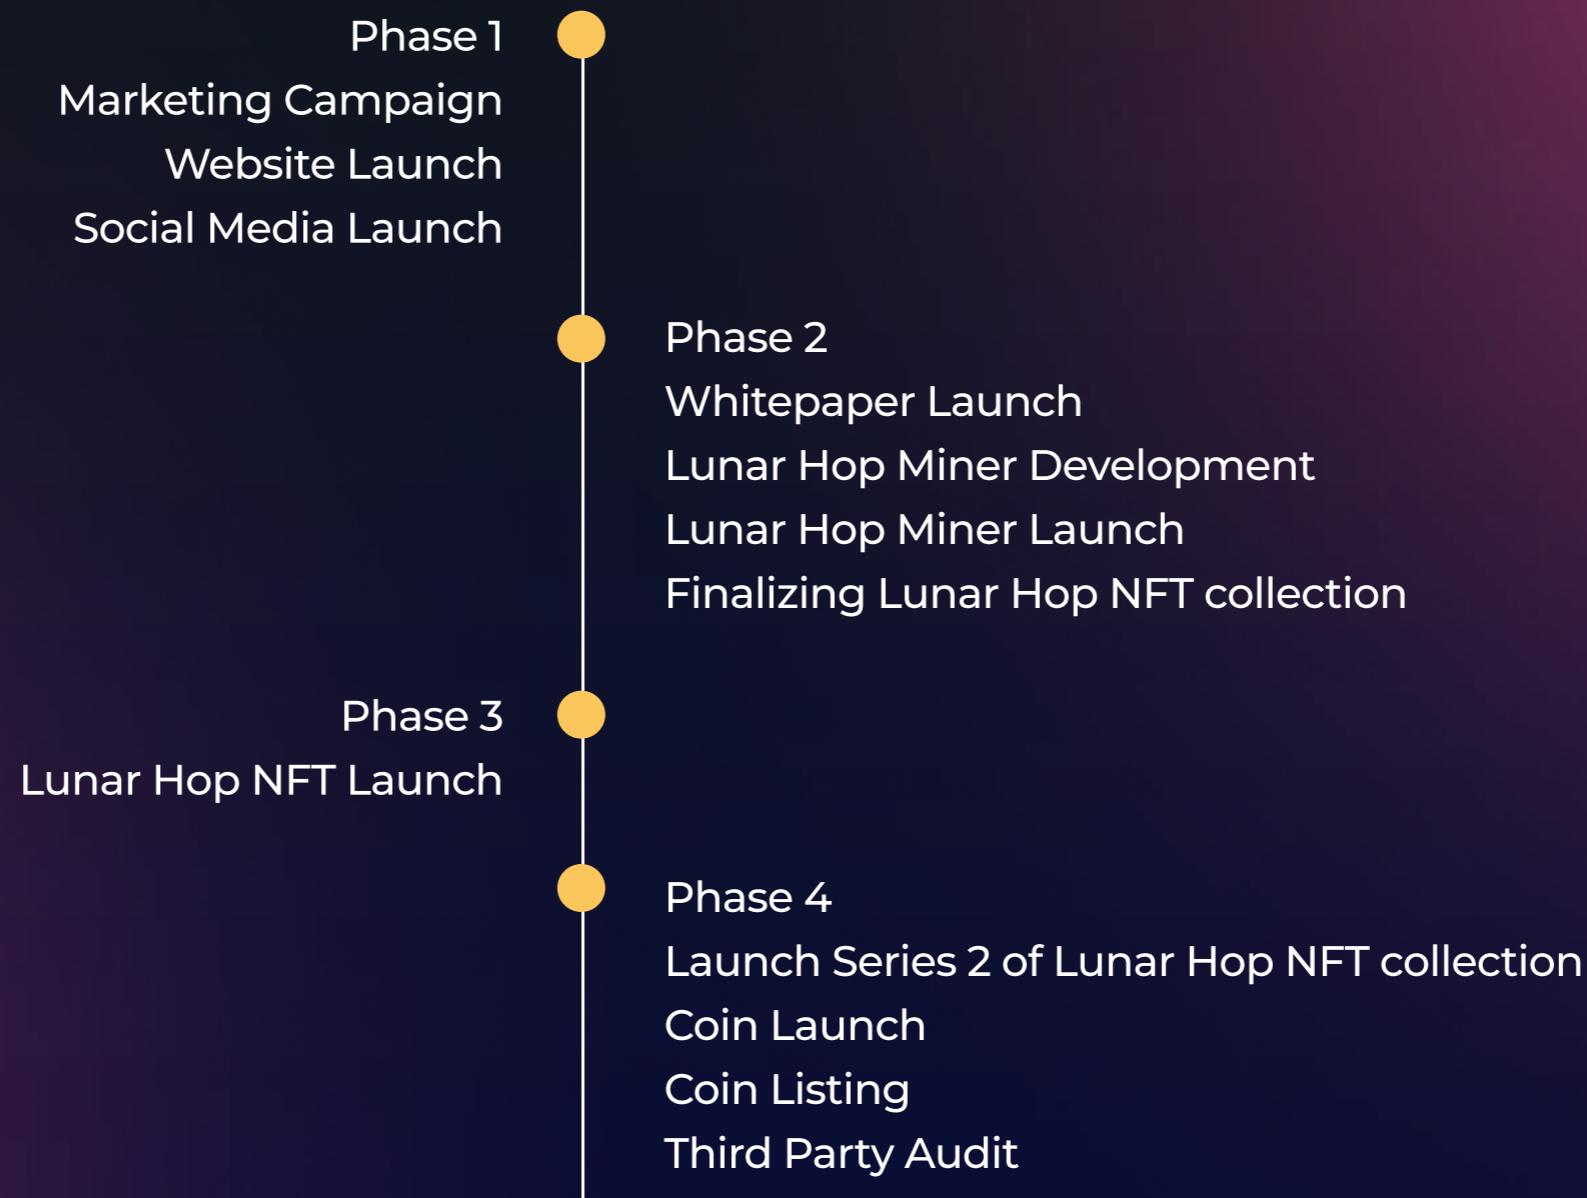

In the game, players can participate in either free to play or play-to-earn basis. NFTs will play a role inside the Lunar Hop metaverse. Lunar Hop NFTs holders will be able to use them as characters. To monetize the game, players will need to spend \$Hop to purchase items and rewards within the game.

Special access to NFT collection

Users holding Hop Tokens will have a priority access to limited or exclusive Lunar Hop NFT collections.

The Roadmap

Our roadmap outlines our goals and how we are going to achieve enviable success. We have a lot of ideas and concepts we are working on to provide you infinite luck.

The best is yet to come!
